thanks kamilc 05-19-2009, 11:43 PM Well, you don't need a Serial Number of AfterShot to use it. You need it to install an update or to unlock the features of the software. I would suggest that you contact Corel to get a Serial Number of AfterShot.

Profnal 05-19-2009, 11:51 PM is it possible to contact corel? Thanks for support guys. sadly i cant find the serial number anywhere. i also tried to add programs and updates and update them to my CS6 but it says that it needs a serial number. i tried with the updater program but it says that its out of date but it was working fine for several days. thanks for the answer, i've already contacted corel. and they say they're working on it.they also send me a form to send my serial number here is the form :
